

Early morning thoughts – June 5, 2015 (this is an update of an earlier post)

This is my second effort to clear up the idle chatter and misinformation about Jews and Zionism. My first attempt, created to answer the ongoing erroneous arguments supporting Zionism, led to laughter and name calling by Zionist supporters, and to kudos by those non-Zionists who understand the problems with Zionism.

To begin: Zionists are followers of the political ideology described in “The Protocols of the Learned Elders of Zion” first published in the year 1897 by Philip Stepanov for private circulation among his intimate friends. Zionists deny the existence of the protocols, but when asked about the protocols in 1921, Henry Ford stated the case for their legitimacy thusly:

"The only statement I care to make about the PROTOCOLS is that they fit in with what is going on. They are sixteen years old, and they have fitted the world situation up to this time. THEY FIT IT NOW."

And so, even today, in 2015, if you look carefully, humans are still frustrated by the controls and criminal and inhumane influences of Zionism. Of course, in the Zionist mindset, only Zionists are humans and everyone else is cattle, suitable only for herding, farming, robbing, and killing. This is an elitist and genocidal mindset that sets the theme for everything destructive that originates from the Zionists. And there's a LOT of it at the hands of the Zionists – they are not builders of anything.

Within the generic Zionist political movement, there are atheist Zionists, Ashkenazi Jew Zionists, and Christian Zionists. Note the absence of the religious Jews from this list. I don't believe any other major religions participate in, or support, the political ideology of Zionism. Israel, for example, is a Zionist state, not a religious Jewish state as it is described by the Zionists. Zionists lie about everything.

In America we have Christian Zionists, followers of the Zionist crafted Scofield bible, an interpretation of the King James bible that places preservation of the illegal state of Israel above everything else. Note that there is nothing Christ-like about the Christian Zionists – they are plunderers and they are murderers just like the rest of the Zionists. They are also a strong supply source of our neocon conservatives.

And, no matter what anyone claims or tells you, the Ashkenazi Jews have no historical or biblical claim to any land in the middle east – DNA evidence shows us that the Ashkenazi Jews of Israel and of the U.S. are now known to be of Ukrainian heritage, the heartland of Khazaria. In fact, the rabbis teach that in the eighth century, the entire nation of Khazaria converted to the Talmud and to kabbalistic Judaism. There is nothing Semitic or religious about the Khazarian Mafia (as it is becoming better known today).

Religious Judaism, on the other hand, is the belief in the revelation at Sinai. It is the belief that exile is a punishment for Jewish sins. Zionism has for over a century denied Sinaitic revelation. It promotes the idea that Jewish exile can be ended by military aggression. Hence the Zionist military state of Israel. Is anyone surprised?

Inside Israel, the religious Jews hate the Zionists, what they stand for, and what they are doing to the Semite Palestinians. I agree with them - Zionists (the atheist Zionists and the Ashkenazi Jew Zionists) who control Israel are the single most inhumane and evil bastards alive - in my opinion. One Jew friend calls them the Khazarian gypsies. He's quite accurate in his description as near as I can determine.

Because Zionists respect no living human, they lie consistently and commit fraud against other humans a LOT. One of the classic frauds perpetrated on the people on earth was the prefabricated story about the WW II Jewish holocaust. To be blunt, there was no Jewish holocaust in WW II. Let that sink in for a moment. And don't try to tell me that your uncle swears there was a holocaust because he was there. Evidence shows us there were no gas chambers used during the war to kill massive quantities of humans. There were German labor camps, and there were German prison camps, but there were no extermination camps. Complete myth.

However, during WW II, there was massive betrayal of the lesser Jews by the Zionist elites in Europe, including the massive immigration of European Jews (these would be the Ashkenazi Jews) into Palestine, and that action disrupted many centuries of peaceful coexistence between Muslims, Christians, and Jews. Since the Zionists have penetrated Palestine, there has been no peace in the land - none.

In their rise to total control over Palestine, the Zionists have even committed genocide against their own lesser Jews as we see with the Ringworm Children holocaust in the early 1950s. Look that one up. It was a tragic story. The Arab Jewish children were viewed as defective and undesirable by the reigning Zionists, so the Arab children were simply killed with massive doses of X-Ray radiation. Talk about evil bastards...

And while we are on the subject of Israel, we should note that Israel is not even a legal state. It was created illegally in the early days of the UN by way of UNGAR 181 which has since, interestingly enough, been rescinded and repealed by the UN. That would be the kiss of death to Israel – if it were a responsible state, but, since it's not, the Israelis don't give a rip about legitimacy. Why should they? Might makes right, eh?

The original UN document (UNGAR 181) was illegal, simply because the UN charter mandates that before any borders are adjusted, the inhabitants must be polled to assure agreement with the proposed changes. Under Zionist controlled U.S. pressures, UNGAR 181 was passed by the UN General Assembly with the assurances that inhabitant polling in Palestine would be conducted AFTER the UN vote and agreement. Polling of the inhabitants WAS NEVER DONE, and the inhabitants of Palestine HAVE NEVER AGREED to the creation of the state of Israel within their borders. The land in Palestine was stolen from the Palestinians. And, no, the land was not owed to the Jews.

Israel, according to international law is thus, an illegal and rogue state. In Palestine, the Israelis are the illegal occupiers of the land, and the Palestinians are freedom fighters doing their best to remove the occupier Israelis and recover their land. But the Zionists own and control the American media, so these facts never get into mainstream America, Israel's military arm. Americans, it seems, are the last ones to ever be told the truth about Zionism, Israel, and Palestine. We simply do not have a free press in America. Europe knows the truth about Israel. Countries in the Middle East certainly know the

truth. But Americans don't. We are continually lied to by the Zionists who control America.

And, not only has Palestine suffered under Zionist military and financial treachery, but so has the United States. Since the illegal creation of Israel, there have been many attacks against America and other countries, both financial and militarily. I'm thinking of the military attacks on the USS Liberty by Israel in 1967, and the false flag attacks on Oklahoma City (1993) and 9-11 by Mossad (both events for which Mike Harari of Mossad has claimed involvement and/or credit). The Israelis are now also believed to have done 7-11 (London subway) as well as 3-11 (that would be Fukushima), which is causing the spread of radiation across the world. Nice, huh? Fukushima is huge compared to 9-11 in terms of overall damage to people and most of all, to nature. Interestingly, the old school Illuminati that wrote the Georgia panels made clear that nature was to be spared. Was Fukushima an oops, or was it intentional?

The purpose of Operation Cyanide back in 1967 was to start a hot WW III and to allow Israel to rule over the entire middle east (ezra israel) as its reward for attacking and sinking the USS Liberty. The plan was to disguise Israeli military vehicles (jets and boats) to look like Egyptian military, and then attack and sink the Liberty, so that the military attack could be used as the reason to get the American people behind the U.S. nuking of Egypt and thus begin WW III. But the Liberty refused to sink, and Johnson (LBJ) was really pissed off. Too bad, LBJ – some parts of America still work. But, nothing significant has really changed since 1967, so if the Israelis thought they'd get away with it in 1967, why not try it again in 2015? Stay tuned for more action.

There are some fifty or more Israeli dual nationals in congress, and this crime is done in violation of Section 401e of the Nationality act of 1940. It turns out that the Supreme Court interpreted the 401e provision as an excuse to prohibit Mexican duals from working inside the government, but the Israelis got a pass. Why? And why are all U.S. congressmen forced to sign an agreement of loyalty to Israel above loyalty to the United States in order to get AIPAC money? Isn't that prima facie evidence of criminal activity?

So, perhaps this is a good time to talk about AIPAC, eh. The American Israel Public Affairs Committee (AIPAC) is considered by many to be an illegal foreign lobby group. "One of the problems with the Lobbying Disclosure Act [LDA] of 1995 is [that] it weakened the requirements for foreign entities and gave an awful lot of them the ability to register under the LDA when they should be filing under FARA [Foreign Agent Registration Act]." The trick is this: Any entity controlled and funded by a foreign government is formally required to be registered as a foreign principal. But as long as the entity (like AIPAC) is formally a nongovernmental organization and isn't funded by a foreign government — a chamber of commerce, an advocacy group, or some other entity — the FARA law does not apply. But, not to worry — many countries do this trick — it's not just Israel. Yes, we are infested with foreign controls over our government, and yes, this revelation helps us understand exactly why the American federal government acts more like an organized international crime syndicate than it acts like a constitutional American government. Interesting, eh?

To continue, AIPAC lobbies for billions of U.S. tax dollars that end up going to Israel and to buying off U.S. legislators instead of rebuilding America. AIPAC feeds U.S.

government officials a distorted and decidedly pro-Israel view of the Israel/Palestine conflict. Like all Zionist organizations, AIPAC attempts to silence all criticism of Israel by labeling critics as “anti-Semitic,” “de-legitimizers” or “self-hating Jews.” AIPAC promotes American policies that are in direct opposition to international law. AIPAC, with the aid of the stupid American neocons, lobbies Congress to promote a military confrontation with Iran. World War III anyone? The yeas have it – one world war coming right up. Let’s keep the neocons, the bankers, and the military industrial complex happy, shall we. Forget whatever the hell the American people want.

And we wonder why the federal government does not do what we Americans want to have done? We wonder why the economy sucks. We wonder why college costs so much and why there are no jobs available. It’s not our government folks - it is being controlled by foreign governments, including an illegal and rogue Zionist state by the name of Israel. BTW, it is now believed that one of the contributing reasons why JFK was killed was because he wanted the AIPAC bribing of our legislators stopped. One other reason was he wanted America to return to sound money again – Treasury Notes, not Federal Reserve Notes. Ooops – don’t piss off the Zionists – they’ll kill you.

I mentioned the bankers. The international banksters (e.g. the Rothschilds, the Warburgs, the Rockefellers, etc.) are all supporters of the Zionist ideology. And these Zionist banksters are not Christian in any manner - they do not believe in service to others or in charity, they only believe in fraud, theft, and force and violence to attain property of others and control of others. The banks and the financial markets, like the media in America, are all controlled by the Zionists, all to our disadvantage.

And let’s not forget the international nuclear threat that Israel, an illegally nuclear armed state, has threatened against all western countries, i.e. the Sampson Option. Israel refuses to acknowledge that it has nuclear weapons, and it also refuses to acknowledge that it has used and still uses nuclear weapons against other countries. Both conditions are true. Israeli nuclear whistle blower Mordechai Vanunu made public many smuggled photographs of Israeli nuclear weapons and production equipment in the 1980s. Israel now may have as many as 400 atomic and hydrogen nuclear weapons, as well as the ability to launch them via long range missiles, submarines, and aircraft. Israel can use nuclear weapons in a second strike even if its military is devastated.

The phrase the “Samson Option” describes Israel’s threats of using massive nuclear retaliation against “enemy” nations should its existence as a Jewish state (Big joke, eh? Jewish state?) be jeopardized through military attack. Israel created the term in the mid-1960s, inspired by the Biblical figure Samson, who destroyed a Philistine temple, killing himself and thousands of Philistine enemies. It’s basically another MAD program.

The Samson Option includes Israeli hidden nukes located in 25 cities in the United States and in many other western cities around the globe (like near the Vatican) and the Zionists threaten to detonate the nukes if any country acts up too much. Whether the Sampson Option is part bluff and part reality, I don't know. But it appears that the 9-11 nuke attack was a Samson Option nuke device attack. It is rumored that the nukes are stored inside Israeli embassies until they are needed.

Maybe we Americans are part and parcel of the problems plaguing America. Our Goyim American Christian Zionists stupidly and irresponsibly feed our increasing supply of neocons - those same evil bastards who want to keep America in continual intrusion into the rest of the world and in continual wars to support the Israeli conquest of the world. The Ashkenazi Zionists are decidedly with Israel, not with the USA. The hidden elites are all international and show no support for anyone or anything but themselves. Selfish bastards.

When Zionist Israel goes down, and it will, America will likely go down also. Our American government is today a Zionist operated and controlled organized crime syndicate, and it deserves to be completely shut down. It is exactly because the Zionists control America that we are having so many problems with the illegal police state we Americans affectionately call THE UNITED STATES OF AMERICA.

It is my opinion that when Zionism is removed from worldwide power and control, the world will have another chance at peace and prosperity. Until then, we are all screwed.

BTW, what the hell is wrong with peace? Does peace simply let too many humans live and prosper, and we can't let that happen? Must we continue to murder, rape, and pillage each other?
